## FAVOURED AUGMENTATION

### SYSTEM

Nivel

2

Reduce price of augmentations by 50%.

## NESTED AUGMENTATION

### SYSTEM

Nivel

4

Install a second augmentation in this system.

## SUSTAINED BY SCIENCE

### CURRENT CHARGES

ch

On spending rp, gain that many charges.

### MAX CHARGES

ch

= Number of augmentations

Nivel

6

1ch powers any device for 10 minutes.

Subtract the number of augmentations from your max resolve points when calculating the rp you need to stabilise (normally ¼ your max).

At the same time, end bleeding or burning with a saving throw against the original DC.

## OVERCLOCKED SYSTEMS

Nivel 9 As a swift action, spend 1rp to gain a temporary ability boost from a personal upgrade.
