STARFINDER DATA JOCKEY

ARCHETYPE OF

SYSTEMS GURU

When using the Computers skill to:

- · Destroy or repair a system module
- · Detect a fake shell

Niveau

- Disable or manipulate a countermeasure 6
 - Gain root access
 - · Hack a computer system

Roll twice and take the better result.

TACTICAL ANALYSIS

As a move action, attempt a skill check to analyse a target using the Engineering, Life Science or Mysticism skills.

Niveau

DD = 15 + FP

If successful, gain +1 to attacks on that target, and ignore 5 points of damage reduction or energy resistance.

Spend a second move action to grant this damage benefit to allies.

FAST RETRIEVAL

	With access to an infosphere or downloaded data set, use the Computers skill to recall knowledge.	
Niveau 2	Pick one skill: Culture Ingénierie Life Science Profession: Use half you Computers	☐ Medicine ☐ Mysticism ☐ Physical Science

Spend 1rp to use your full Computers skill bonus.

If you gain at least half your Computers skill bonus in your chosen skill, you can change it to another skill.

14 Third skill 8 Second skill

20 Fourth skill

MASTER OF LORE

Niveau Use your full Computers skill bonus to selected skills, **18** without spending rp.
